EDUCATION

Fordham University, Gabelli School of Business

Bronx, New York

Bachelor of Science in Accounting Information Systems, Minor in Computer Science

Sep. 2019 – May 2023

GPA: 3.8/4.0

Academic Awards: Summa Cum Laude, Gabelli School of Business Dean's List

Study Abroad: Fordham University - London Centre (Spring 2022)

RELEVANT EXPERIENCE

Marsh & McLennan Companies, Inc.

New York, New York

Senior Application Development Analyst - Autonomous Finance

Jul. 2023 – Present

- Engineered financial reporting platform for a \$20B P&L, integrating natural language variance analysis, a colleague commentary tools, and automated PowerPoint deck generation with SharePoint integration to standardize and accelerate month-end close
- Built ETL pipeline (Celery, FastAPI, Pandas, PostgreSQL) delivering hourly updates to 4,000+ reports from Oracle Essbase
- Implemented Redis pub/sub with WebSockets to enable real-time messaging, report construction, and data refreshes
- Integrated Okta for authentication and implemented hierarchical, region-based authorization for 300+ global controllers
- Ensured production stability and data integrity through proactive Datadog monitoring during close cycles
- Designed custom LLM-as-a-Judge evaluation pipeline for a LangGraph multi-agent FP&A research assistant

Finance Innovation & Technology Intern

Jun. 2022 - Aug. 2022

Built proof-of-concept app using Flask and JavaScript to automate amortization of broker services, ensuring GAAP compliance

New York, New York Proskauer Rose, LLP

Accounting Intern

Jun. 2021 - Jul. 2021

Automated allocation workflows with Excel Macros; prepared journal entries and reconciliations for month-end close

LEADERSHIP AND EXTRACURRICULARS

Fordham Sports Analytics Society - Fordham's Best New Student Organization (2021)

Bronx, New York

Oct. 2020 – May 2023

- Founder, President Founded Fordham's first sports analytics club, leading an 8-person executive board to host weekly programming averaging 20+ attendees, featuring member research presentations, technical workshops, and 21 guest lectures from sports data professionals
- Established partnership with Fordham Athletics to launch University's first student-run baseball scouting department and conduct research on behalf of the football, women's basketball, and women's soccer programs
- Oversaw research blog initiatives, publishing 6 articles and mentoring peers through 29 additional publications

Cystic Fibrosis Foundation - Greater New York Chapter Tomorrow's Leaders

New York, New York

Council Member - Professional Development

Oct. 2025 - Present

- Raised \$5.000 for Cystic Fibrosis research by completing the NYC Half-Marathon with the foundation's Breathe Team
- Supporting fundraising and outreach efforts at networking events and campaigns including Great Strides and CF Cup

CASE COMPETITIONS AND RESEARCH

National Football League - Big Data Bowl

Bronx, New York

Team Lead

Dec. 2022 - Jan. 2023

- Leveraged Next Gen Stats player tracking data to detect and evaluate pass-blocking engagements from the 2021 NFL season
- Modeled how seven spatial-temporal features affect QB-rusher separation at pass release, achieved R² of 0.66 for tackles and 0.54 for interior linemen predicting separation when trained and tested on consecutive four week samples

Fordham March Data Crunch Madness

Bronx, New York

Team Lead - Placed 3rd of 22

Jan. 2022 - Mar. 2022

- Developed and presented XGBoost model to predict win probabilities for all possible 2022 March Madness matchups
- Introduced an adjusted seed gap using KenPom's AdjEM; engineered features from team and position-level metric differentials

Syracuse Football Analytics Blitz

Bronx, New York

Team Member - Placed Top 4 of 17

Feb. 2022

- Devised and presented defensive schemes to counter Kansas City Chiefs' offense by analyzing Pro Football Focus and nflfastR play-by-play data with Pandas; identified formation and situational tendencies to guide coverage and personnel decisions
- Built logistic regression models with Scikit-learn to predict pass vs. run, play-action, and motion to support play design decisions

TECHNICAL SKILLS AND INTERESTS

Languages: Python, SQL, R, C/C++, JavaScript, PHP, HTML/CSS

Frameworks & Libraries: FastAPI, Flask, Pandas, Polars, NumPy, Scikit-learn, LangGraph, llama.cpp, vLLM Cloud & Databases: Amazon Web Services (AWS), PostgreSQL, MySQL, MongoDB, Redis, Databricks

DevOps & Tools: Git, GitHub Actions, Docker, Kubernetes, Datadog, Komodor, Azure DevOps

Personal Interests: Acoustic Guitar, Baseball, Golf
